Margo - Attached is Divine Mercy's written response to EPA's request for information, with all attachments except Ex. E (executed Certification), which will be sent separately. I expect to receive that by tomorrow. Again, I apologize for the delay.

Chip,

Thank you very much for your prompt reply. Please do send along an electronic copy of the response, with attachments. The certification form may be provided to EPA in a separate submission; however, please ensure that this form is sent to EPA as soon as possible.

Sincerely,

Margo

Ms. Ludmer - my apologies for the delay. Given that Divine Mercy acquired the property long after the period of primary interest to EPA, it has taken some time to locate and review historical documents as well as identifying persons potentially with knowledge that may be useful to EPA. Nevertheless, we have completed our review and I have prepared a response, but I am awaiting receipt of the certification form executed by the Pastor of Divine Mercy Parish. If you would like, I can send an electronic copy of the response, along with the attachments, right now, and I can forward the executed certification upon receipt.

Please advise if that is acceptable, or if you would prefer that I wait until I receive the certification form back and send it all together.

Mr. Grieco,

I am writing to follow up on EPA's March 30 information request letter concerning the Holy Trinity Cemetery Site in Lewiston, New York. This letter was delivered to the Divine Mercy R.C. Parish on April 4, 2017, after which time EPA granted a 30-day extension to respond. The response to this information request letter is now past due. A complete response to this letter should be submitted to EPA as soon as possible. Please be aware that compliance with the information request letter is required by law. Your response may be submitted to me electronically, with a copy to Eric Daly (Daly.Eric@epa.gov).

If you have any questions, certainly do not hesitate to contact me.

Thank you,

Eric - This took a little while to work its way to me, and I was on vacation when it arrived. I am turning my attention to responding to this now, but we could use some additional time to respond. Could we please have a 30 day extension to respond. The parish that operated the cemetery until 2008 no longer exists, so we still have to locate its records.

Please advise.

Thank you.
